GRAIN AND PRODUCE MARKET Unusual Lack of Snap Shown in Al Lines. INTEREST LAGGING AND TRADE LIGHT Wheat Higher at Opening on Heavy Rains, but Weakens Toward Close-Corn Receipts Heavy and Prices Down. OMAHA, June 5, 1906. Wheat prices showed a fractional loss for the day after a session of very little activity. On account of heavy rains in the northwest and reports from parts of Texas saying the harvest would be delayed by the rains, the opening was a little higher. Heceipts were moderate and demand slow. Trade being so light, there was little flunctuation. Weakness developed toward the close, July being %c down. A weak tone was imparted to the corn market by heavy receipts and fine weather through the corn belt. Trade, however, was so light that prices were off but little. The close was steady at a fractional loss. A buillah suntiment developed in oats, which went to the high point on the crop. The government has announced that the May report will be issued Monday, June II. The hour is not yet set. It will cover the condition of winter wheat, spring wheat, oats and barley. It will also include acreage of spring wheat, oats and barley. The Ohio crop report gives the wheat condition for May as 36, compared with May average of 168. Last June the condition was 21 and the final crop 22,000,000 bushels. The oats condition is 73, compared to 32 a year ago. bushels. The cats condition is 73, compared to 83 a year ago. Primary wheat receipts were 754,000 bu. and shipments 373,000 bu., against receipts last year of 285,000 bu. and shipments of 187,000 bu. Corn receipts were 1,398,000 bu. and shipments 258,000 bu. against receipts last year of 595,000 ol. and shipments of 527,000 bu. Clearances were 44,000 bu. wheat, 35,473 bbls. flour, 76,000 bu. corn, and 4,000 bu. cats. World's shipments of wheat were 9,368,300 bu. against 11,112,000 bu. last week, and 13,648,000 bu. last year. The wheat visible decreased 1,552,000 bu.; corn increased. 1,051,000 bu.; cats decreased, 1,147,000 bu. Carlot Receipts. CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing Prices on Board of Trade. CHICAGO, June 5.—Improved weather for the growing crop caused weakness today in the local wheat market, the July option closing at a net loss of %c. Corn was also down %c. Oats showed a net gain of %c. Provisions were up 10g17%c. With the exception of moderate firmness at the opening, when commission houses and local bulls were fair buyers, the wheat market was weak all day. The firmness at the opening was due to the fact that the world's shipments were 2,265,000 bushels for the preceding week, and the amount of breadstuffs on ocean passage decreased 3,160,000 bushels. These factors were completely offset, however, by weather conditions in the United States, rain being reported in Missouri, where the crop has been suffering for lack of moisture. The weakness of the corn market also tended to depress prices. Trading during the day was rather light. The market closed weak, with prices at the lowest point. July opened %c to ke higher at \$14,651%c, sold at \$1%,661%c and declined to \$0%c. Final quotations were at \$0%c. Clearances of wheat and flour were equal to \$25,600 bushels. The visible supply decreased 1,125,000 bushels. Primary receipts were 756,000 bushels. Primary receipts were 756,000 bushels. against 290,000 bushels for the corresponding day one year ago. Minneapolis, Duluth and Chicage reported receipts of 255 cars, against 215 cars last week and 115 cars one year ago. Ideal weather for the growing crop Prices on Board of Trade.

cago reported receipts of 255 cars, against 215 cars last week and 218 cars one year ago.

Ideal weather for the growing crop caused a weak corn market. Other factors contributing to the weakness were liberal local receipts and increased visible supply, lower prices for cash corn and the prospect of an increased movement from the country. Cash houses and local longs were taken chiefly by shorts. A slight raily took place during the last half of the session because of the buying for short account, but the firmer feeling was quickly dispelled. The close was weak, with prices near the lowest point of the day. July opened 4.6% of 10.4% lower at 49% 0.9% cald off to 40% and railled to 48%. The close was at 48% 0.9% c. Local receipts were 61 cars, with 37 cars of contract grade.

were 621 cars, with 377 cars of contract grade.

Sentiment in the oats pit was bearish at the opening because of excellent weather conditions, but later became firm on reports of damage to the growing crop made in the lows and Ohio state reports. July opened a shade to hic lower at 33% 953% c. to 33% c. sold up to 34% and closed at 34% 953% c. Local racelpts were 29 cars.

The agitation against packing methods was expected to depress prices in the provisions market, but the decline was prevented by active support from local packers. Shorts were taken by surprise by this unexpected strength and covered freely. In consequence the market was firm all day. At the close July pork was up 17% at 516.17% Lard was up 100 at 38.60. Ribs were 12% higher at 59.30.

Estimated receipts for tumorrow: Wheat, fi cars; corn, 504 cars; oats, 156 cars; hogs, 25.009 head.

Movements of Individual Stocks Irregular by Reason of Simultaneous Sustaining Buying and Realizing Selling.

NEW YORK. June 5.—The added breadth of the stock market caused by yesterday's accession of speculativactivities was still in evidence today in the sustained volume of the trading compared with last week's small daily average. The results of the larger operations were, however, somewhat mixed. It was easy to see that some of the principal stocks in yesterday's market were being fed out to take profits on the higher level. The effect was seen in the holding back of the price of these stocks while other stocks were advancing. As the conviction remained general that the market was in the hands of professional operators, still the success of the proditiaking seemed dependent upon the transfer the holdings to new professional hands of speculators is maintained this profess is capable of being carried on for a prolonged period without extending beyond the ranks of professional operators, it is a recognised fact that such professional movements are the invariable preliminary of an extended rise in the market, the public refraining without exception from entering the market in the hope of an ultimate outcome of this sort with the public demand to carry stocks out of the market, which encourages persistence in a campaign in the full recognition of its wholly professional immediations of the market, which encourages persistence in a campaign in the full recognition confidence of the present professional moves in the market is avowedly based on the prospect that money critical moves in the market is avowedly based on the prospect that money critical moves in the market is avowedly based on the prospect that money critical moves in the market is avowedly based on the prospect that money critical moves in the market is avowedly based on the prospect that money critical moves in the market is avowedly based on the prospect that money critical moves in the market is avowedly based on the prospect that money critical moves in the principal factor which is a prospect to the prospect of the prospect of the prospect of the prospec

LONDON, June & — Money was in good demand for various calls and supplies were plentiful. Discounts were inclined to be easier. On the stock exchange the attendance and volume of business was dull but the tone was firm, due to easier money. Quotations hardened all around, consois leading the advance. Home rails were wanted for investment, while foreigners benefitted by Paris support. Japanese received much attention. Americans opened strong in sympathy with New York and hardened to over parity in the forenoon.

Treasury Statement. WASHINGTON. June 5.—Today's statement of the treastiry balances in the general fund, exclusive of the \$150,000,000 gold reserve, shows: Ayallable cash balances. \$161.478,675; gold coin and bullion, \$80,587,641; gold certificates, \$39,545.590.

Wool Market.

BOSTON, June 5.—WOOL—Trading is quiet in the wool market. The lack of stock is said to be the prime cause of the indifference of manufacturers, with the unsatisfactory conditions of the dry goods market also a factor. There is little doing in foreign wools here, either in South America or Australian grades. Territory wools are steady at 72673c for fine and 68676c for fine medium. Pulled wools are duli, with supers moving at 60676c. Leading quotations follow: Territory, Idaho, fine, 226 28c; heavy fine, 19629c; fine medium, 2262 28c; medium, 28627c; low medium, 28627c; medium, 28627c; fine medium choice, 246275c; average, 28627c.

We Own and Offer \$100,000.00 MARION-BUCYRUS RAILWAY & LIGHT CO. First Mortgage 5% Gold Bonds

Will Be Sold to Net the Investor 7 Per Cent

In Denominations of \$50, \$100, \$500 and \$1,000 The INTERURBAN is a link in a chain of railways that connect the city of Cleveland with Columbus. Springfield, Dayton, Cincinnati and Indianapolis.

The right-of-way is private, the Company having secured DEEDS in fee simple

Principal (and interest payable semi-annually) at the office of the CLEVELAND TRUST COMPANY. This road is bonded at \$12,500 a mile, which is less than any other railroad in the United States.

The terminal points of this line are Marion and Gallon, two of the best inland cities in the state of Ohio. The population along the line is over 2,000 per mile, from

which the earning power as compared with other lines in this state will pay a divi-dend of more than double the amount of the interest on the bonds. BEFERENCES-AMERICAN EXCHANGE BANK, CALEDONIA, OHIO.
